

INTERNATIONAL CONFERENCE ON 3D IMMERSION 2020
INVITATION TO PARTICIPATE

14 DECEMBER 2020
THE EGG - BRUSSELS, BELGIUM

Dear 3D immersion enthusiast, potential author, and/or participant of IC3D 2020,

We would like to invite you to participate to the 10th edition of IC3D to be held at the The Egg Brussels, Belgium - thus in the capital of Europe - on 14 December 2020. As for all nine prior editions, the conference will be technically co-sponsored by the IEEE Signal Processing Society, and the proceedings to be archived in the Xplore Digital Library.

We would be delighted if you decided to submit a paper to IC3D 2020. The Call for Papers (with the scope, the submission deadline,...) and other information are found at www.stereopsia.com/ic3d.

Besides IC3D, we would be delighted to see you attend the whole Stereopsia event, the World Immersion Forum, which is fully and exclusively dedicated to all aspects of 3D immersion, on 14-16 December 2020. We invite you to explore the facets of Stereopsia at www.stereopsia.com; several are new in comparison to earlier editions.

You may also be interested in the fact that the new European H2020 project called XR4ALL (www.xr4all.eu) will hold its annual event jointly with Stereopsia.

Please, do not hesitate to us concerning your participation as an author. For any question with the processes of submission, reviews, etc, please contact David Grogna (dgrogna@uliege.be).

Kind regards,

Gauthier Lafruit

General chair IC3D 2020
Professor, Université Libre de Bruxelles, Belgium
